

CLERVIEW RELOCATION STRENGTHENS OFFERING... September 2011

CLEARVIEW RELOCATION

Clearview Relocation is delighted to announce that Camilla Stephens the MD of The Relocation Company (TRC) has joined Clearview along with her long established accounts. The Combining of these two trusted and well established companies will give clients, large and small, access to a virtually unparalleled level of global knowledge and relocation experience.

"In these uncertain times, we saw the demand for the security of our informed, hands on, and personal relocation service growing" said George Holmes of Clearview "joining forces with Camilla Stephens who has the same philosophy of commitment to individual needs and service excellence, seemed to make sense".

Camilla Stephens has worked in relocation for over 20 years, and has been running one of UK's largest relocation accounts. She is also a thought leader in the sector, taking an active role in trade bodies, including contributing articles to the ARP newsletter. Camilla with her team will operate from the Clearview head office in Newbury.

This exciting new addition is part of Clearview's growth strategy of providing a top drawer global relocation service by recruiting the best talent the industry has to offer. It comes on the back of Margaret Moes bringing her considerable skills to Clearview earlier this year.
